

Road Relays Spring 2007

Midland Vets Road Relays Sutton Park April 28

Second place by our good grace towards Tipton! We almost had two teams on Saturday, after a two weeks of problems reducing our numbers from 11 to 7. When I said it would be low key, even I was surprised by the poor turnout. The organisation and awards certainly was in veteran fashion (very old and dodderly). Never mind. I think everyone should be pleased with their performance. I do not usually mention an individual, however, a deserved acknowledgement to Paddy 100% Allaway. On the first leg for the B, he fell over (practicing for the bike I suppose), almost went off course (Don't say I do not look after my team mates), and still overtook me twice up the hills. (Thank goodness for downhills). Although we were awarded second place behind Tipton, their first leg Aaron Keene and Charnwood's lead both went off course taking a short cut. As we overtook Charnwood, and Tipton I think would still have beaten us, although probably no more than a minute, I did not protest. Our B team, entered as a composite team (3 runners or incomplete if you like), were 6th after leg 3, finishing first composite.
