National Six-Stage Road Relays, Sutton Park 22nd October 2005

An excellent effort by all concerned. Thanks to Tom and Toby for drafting in two late

replacements with some literal 11th hour telephone calls and to BRATS Dave G and Nick M (debut) for standing in at the last minute. 76 teams finished.

Midland 6-Stage Road Relays, Sutton Park, 24th September 2005

Well done to all of the crew who ran today and to Tom Green for standing in as a late replacement for Tauny - unfortunately too late to change the teams, but made for some good competition between the A and B teams on the first two legs. Very solid performances by all involved. (Richard Carney)
