Womens League Nuneaton Aug 19

Despite the depleted number of athletes in the team and a number of injuries on the day, the third and final match of the women's league produced some good performances from our team, including 11 personal bests, 12 wins and a newly found squad of senior sprinters and jumpers! We also saw bucket loads of rain, so thanks to Nick, the unofficial Birmingham Rowheath photographer, we are now captured on film looking like drowned rats! We finished a credible 5th on the day, but had we just had one more athlete, we could have easily come 3rd. Nevertheless, given our performances at the first two matches of the year, we finished 3rd out of the 7 teams in the league overall, so everyone deserves a pat on the back. Well done, and thanks to all who have helped and supported the team over the season. It's a pleasure to manage such a willing (and versatile!) team!

Midland Mens League Worcester Aug 4

Despite pulling together as a team and plugging most of the gaps we still finished 8th on the day in the final match of the season. The result however did mean that overall we retained our position of third place which is an excellent result given the circumstances. A big thank you to all athletes, new and old, officials and supporters who all contributed to a great team effort.
